## New Directory Coming

It has been a few years since we published a current Directory for the guild. We have many new members to add. I will be contacting you by Email or postcard for those members without Email. I will post the current information that I have for you to edit and let me know if it is correct. You may also send me a studio address or a Website. We ask that you don't use the directory for use in your business or promotion of your business. If you wish to contact the Guild to announce something outside of guild business please contact one of our officers who will be recognized in the directory. This is for your personal use only.

Our guild is always delighted to hear of an opportunity to enter an exhibit, show or come and see their fellow members in a show. So please let us know what you are up to so we can share and support all of our fellow members in their endeavors. That is what the Sculptors Guild of Michigan is all about.

## A new and Improved Website is Coming

We have contracted Dave MacInnes to create a new website for us. We are excited about bringing our Guild into this present day of all it's resources to better represent our art. Dave has so many ideas for our site and he is looking forward to some of our ideas. I don't think we will disappoint him.
