## MAY STUDIO TOUR AT PAULINE FLAGA'S

Pauline's Studio was filled with sculptures from her long notable sculpting career of reliefs, busts (one of her father), figures and also her porcelain dolls that she sculpts and molds in limited additions.

Pauline provided us with a lovely lunch and a beautiful day to meet and talk about sculpture with our members.

Thanks Pauline

## Mold Making Lecture

Bernadette Zachara and Pauline Flaga took time out of their busy schedule to come and give us information on making different kinds of molds. They demonstrated making the molds and all the different supplies and products available to do so.

We spent all afternoon watching them as they talked us through all the steps to achieve a final mold of their work. They were very patient to answer our questions and explaining to make sure that we understood what they were telling us.

Our members said that they learned a lot of information and Thanked Bernadette and Pauline for taking their time to teach them.
